Eden Academy Trust Child Protection and Safeguarding Policy 2019

Trustee responsible:	Karen Deacon
Senior leader responsible for safeguarding:	Andrew Sanders
Status and review cycle:	Statutory Annual
Next review date:	September 2020

Safeguarding Statement

The Eden Academy Trust recognises our moral and statutory responsibility to safeguard and promote the welfare of all pupils. We endeavour to provide a safe and welcoming environment where children are respected and valued. We are alert to the signs of abuse and neglect and follow our procedures to ensure that children receive effective support, protection and justice. Child protection forms part of the school's safeguarding responsibilities.

At The Eden Academy Trust we ensure that through our school vision, values, rules, diverse and differentiated curriculum and teaching, we promote tolerance and respect for all cultures, faiths and lifestyles, and we actively celebrate diversity and inclusion. The trustees also ensure that this ethos is reflected and implemented effectively in school policy and practice and that there are effective risk assessments in place to safeguard and promote students' welfare.

We have a duty to prepare our children for life in modern Britain and to keep them safe.

Pupils who attend our schools have the right to do so in safety. We do not tolerate bullying of any kind and we will challenge derogatory language and behaviour towards others.

Key Personnel for The Eden Academy Trust

The Chair of the Board of Trustees is: BARRY NOLAN

The Governor responsible for safeguarding is: PEGGY LOVETT

Contact details: email: sunshinehouse@rnib.org.uk Telephone: 01923 822538

Terminology

Safeguarding and promoting the welfare of children is defined as:

- protecting children from maltreatment;
- preventing impairment of children's health or development;
- ensuring that children grow up in circumstances consistent with the provision of safe and effective care; and
- taking action to enable all children to have the best outcomes.

Child Protection is a part of safeguarding and promoting welfare. It refers to the activity that is undertaken to protect specific children who are suffering, or are likely to suffer, significant harm.

Staff refers to all those working for or on behalf of the school, full or part time, temporary or permanent, in either a paid or voluntary capacity.

Child includes everyone under the age of 18. (It is worth noting that there are some young people educated in the trust who are 19 years of age, and that this policy still applies to our work to keep them safe.)

Parents refers to birth parents and other adults who are in a parenting role, for example step-parents, foster carers and adoptive parents.

1. Introduction

- 1.1. This policy has been developed in accordance with the principles established by the Children Acts 1989 and 2004; the Education Act 2002, and in line with government publications: 'Working Together to Safeguard Children' 2015, Revised Safeguarding Statutory Guidance 2 'Framework for the Assessment of Children in Need and their Families' 2000, 'What to do if You are Worried a Child is Being Abused' 2015. The guidance also reflects both 'Keeping Children Safe in Education' 2019, and the local safeguarding partners child protection procedures in the local authorities in which Eden schools reside.
- 1.2. The Board of Trustees takes seriously its responsibility under section 175 of the Education Act 2002 to safeguard and promote the welfare of children; and to work together with other agencies to ensure adequate arrangements within our school to identify, assess, and support those children who are suffering harm.
- 1.3. This policy applies to all members of staff, volunteers and local advisory board members in the schools.

2. Policy Principles

- 2.1. The welfare of the child is paramount
- 2.2. All children regardless of age, gender, culture, language, race, ability, sexual identity or religion have equal rights to protection, safeguarding and opportunities.
- 2.3. We recognise that all adults, including temporary staff¹, volunteers and local advisory board members have a full and active part to play in protecting our pupils from harm and have an equal responsibility to act on any suspicion or disclosure that may suggest a child is at risk of harm;
- 2.4. All staff believe that our schools should provide a caring, positive, safe and stimulating environment that promotes the social, physical and moral development of the individual child.
- 2.5. Pupils and staff involved in child protection issues will receive appropriate support.

3. Policy Aims

- 3.1. To demonstrate the schools' commitment with regard to safeguarding and child protection to pupils, parents and other partners.
- 3.2. To support the child's development in ways that will foster security, confidence and independence.
- 3.3. To provide an environment in which children and young people feel safe, secure, valued and respected, and feel confident to, and know how to approach adults if they are in difficulties, believing they will be effectively listened to.
- 3.4. To raise the awareness of all teaching and support staff of the need to safeguard children and of their responsibilities in identifying and reporting possible cases of abuse.
- 3.5. To provide a systematic means of monitoring children known or thought to be at risk of harm, and ensure we, the schools, contribute to assessments of need and support packages for those children.
- 3.6. To emphasise the need for good levels of communication between all members of staff.
- 3.7. To develop a structured procedure within the schools which will be followed by all members of the schools' communities in cases of suspected abuse.

¹ Wherever the word "staff" is used, it covers ALL staff on site, including ancillary supply and self-employed staff, contractors, volunteers working with children and local advisory board members

- 3.8. To develop and promote effective working relationships with other agencies, especially the Police and Social Care.
- 3.9. To ensure that all staff, including supply staff and trainee teachers, working within our schools who have substantial access to children have been checked as to their suitability, including verification of their identity, qualifications, a satisfactory DBS check (according to guidance)², that teachers are not prohibited from doing so, and other mandatory checks such as an overseas criminal record check where appropriate, and a single central record is kept for internal and external audit.

4. Values

4.1. Supporting Children

- 4.1.1. We recognise that a child who is abused or witnesses violence may feel helpless and humiliated, may blame themselves, and find it difficult to develop and maintain a sense of self-worth.
- 4.1.2. We recognise that the schools may provide the only stability in the lives of children who have been abused or who are at risk of harm.
- 4.1.3. We accept that research shows that the behaviour of a child in these circumstances may range from that which is perceived to be normal to aggressive or withdrawn.
- 4.1.4. Our schools will support all children by:
 - 4.1.4.1. Encouraging self-esteem, self-advocacy and self-assertiveness, through the curriculum as well as our relationships, whilst not condoning aggression or bullying.
 - 4.1.4.2. Promoting a caring, safe and positive environment.
 - 4.1.4.3. Responding sympathetically to any requests for time out to deal with distress and anxiety.
 - 4.1.4.4. Offering details of helplines, counselling or other avenues of external support.
 - 4.1.4.5. Liaising and working together with all other support services and those agencies involved in the safeguarding of children.
 - 4.1.4.6. Notifying Social Care as soon as there is a significant concern.
 - 4.1.4.7. Providing continuing support to a child about whom there have been concerns who leaves one of our schools by ensuring that appropriate information is copied under confidential cover to the child's new setting as soon as possible, and receiving acknowledgement of safe receipt, and ensuring the school's medical records are forwarded as a matter of priority.
- 4.1.5. Children are taught to understand and manage risk through our person, social, health and citizenship (PSHCE) education and relationships and sex education curricula and through all aspects of school life. This includes online safety.

4.2. Prevention / Protection

- 4.2.1. We recognise that the schools play a significant part in the prevention of harm to our children by providing children with good lines of communication with trusted adults, supportive friends and an ethos of protection.
- 4.2.2. The schools' communities will therefore:

² <https://www.gov.uk/government/collections/dbs-checking-service-guidance--2>

- 4.2.2.1. Work to establish and maintain an ethos where children feel secure, are encouraged to talk and are always listened to.
- 4.2.2.2. Include regular communication with children that gives due regard to their level of cognitive ability and communication difficulties e.g. through safety questionnaires, participation in anti-bullying week, asking children to report whether they have had happy/sad lunchtimes/playtimes, etc.
- 4.2.2.3. Ensure that all children know there are adults in the school whom they can approach if they are worried or in difficulty.
- 4.2.2.4. Include safeguarding across the curriculum, including PSHE, opportunities which equip children with the skills they need to stay safe from harm and to know to whom they should turn for help. In particular this will include anti-bullying work, online-safety and road safety. Also, focused work in Year 6 where relevant to prepare for transition to secondary school, and in Key Stages 4 and 5 for transition out of school, and more personal safety/independent travel.
- 4.2.2.5. Ensure all staff are aware of their school's guidance for their use of mobile technology and have discussed safeguarding issues around the use of mobile technologies and their associated risks.

5. Safe Schools, Safe Staff

- 5.1. Schools will ensure that;
 - 5.1.1. All staff receive information about their school's safeguarding arrangements, their school's safeguarding statement, staff code of conduct, behaviour policy, child protection policy, the safeguarding response to children who go missing from education, the role and names of the Designated Safeguarding Lead and their deputy(ies), and Keeping Children Safe in Education Part 1 (2019) and Annex A on induction;
 - 5.1.2. All staff receive safeguarding and child protection training at induction in line with advice from the academy lead for safeguarding (Lisa Hatcher) and the local safeguarding partners in which the school is based. This must be regularly updated and they must receive safeguarding and child protection updates (for example, via e-mail, e-bulletins and staff meetings), as required, but at least annually;
 - 5.1.3. All members of staff are trained in and receive regular updates in online safety and reporting concerns;
 - 5.1.4. All staff, trustees and local advisory board members have regular child protection awareness training, updated by the DSL as appropriate, to maintain their understanding of the signs and indicators of abuse;
 - 5.1.5. The child protection policy is made available via the school's websites or other means and that parents/carers are made aware of this policy and their entitlement to have a copy via the school handbook/newsletter/website. All parents/carers are made aware of the responsibilities of staff members with regard to child protection procedures through the publication of the Child Protection Policy and reference to it in each school's handbook.
 - 5.1.6. The schools provide a coordinated offer of Early Help when additional needs of children are identified and contribute to early help arrangements and inter-agency working and plans;
 - 5.1.7. In cases where academy premises are let to organisations who themselves will be working with children in the course of the let, the academy's lettings policy will

seek assurances of the suitability of adults working with children on academy sites;

- 5.1.8. Schools will seek to ensure the suitability of purpose of use of academy premises, and that the organisations renting academy premises do not promote views or values which are at odds with the Academy's own values or are offensive in nature. In addition, any lettings which coincide with times pupils are on site will demonstrate the suitability of adults to be around children;
- 5.1.9. Community users organising activities for children are aware of the Trust's Child Protection Policy, guidelines and procedures;
- 5.1.10. The name of the designated members of staff for child protection, the Designated Safeguarding Lead and deputy(ies), are clearly advertised in the schools with a statement explaining the school's role in referring and monitoring cases of suspected abuse;
- 5.1.11. All staff will be given a copy of Part 1 and Annex A of Keeping Children Safe in Education 2019 and will sign to say they have read and understood it. This applies to the Trustees in relation to part 2 of the same guidance.
- 5.1.12. Where a school places a pupil with an alternative provision provider, the school continues to be responsible for the safeguarding of that pupil, and should be satisfied that the provider meets the needs of the pupil. Schools should obtain written confirmation from the alternative provider that appropriate safeguarding checks have been carried out on individuals working at the establishment, i.e. those checks that the school would otherwise perform in respect of its own staff. Senior leaders from the school should also undertake monitoring visits to check on the provision and keep written records of such monitoring. They should also seek regular feedback from school colleagues who may be supporting the school's pupil(s) at the alternative provider.

6. Roles and Responsibilities

- 6.1. All members of The Board of Trustees understand and fulfil their responsibilities, namely to ensure that;
 - 6.1.1. There is a Child Protection and Safeguarding policy together with a staff behaviour policy (code of conduct);
 - 6.1.2. Child protection, safeguarding, recruitment and managing allegations policies and procedures, including the staff behaviour policy (code of conduct), are consistent with local safeguarding partners and statutory requirements, are reviewed annually and that the Child Protection policy is publicly available on the schools' websites or by other means;
 - 6.1.3. Ensures that all staff including temporary staff and volunteers are provided with the schools' child protection policy and staff code of conduct;
 - 6.1.4. All staff have read Keeping Children Safe in Education (2019) part 1 and Annex A and that mechanisms are in place to assist staff in understanding and discharging their roles and responsibilities as set out in the guidance.
 - 6.1.5. The schools operate a safer recruitment procedure that includes statutory checks on staff suitability to work with children regulations and by ensuring that there is at least one person on every recruitment panel who has completed safer recruitment training;
 - 6.1.6. The schools have procedures for dealing with allegations of abuse against staff (including the Headteacher or Head of School), volunteers and against other

children and that a referral is made to the DBS if a person in regulated activity has been dismissed or removed due to safeguarding concerns, or would have had they not resigned, or when an individual is suspended or moved out of regulated activity to another post, if they meet the 'harm' criteria as determined by the area LADO to whom any such procedures will have been reported.

- 6.1.7. The Senior Headteacher with responsibility for safeguarding is nominated to liaise with the local authority on child protection issues and in the event of an allegation of abuse made against a Headteacher or Head of School;
- 6.1.8. A member of the senior leadership team has been appointed as the Designated Safeguarding Lead (DSL) by the Board of Trustees who will take lead responsibility for safeguarding and child protection and that the role is explicit in the role holder's job description;
- 6.1.9. On appointment, the DSL and deputy(ies) undertake interagency training and also undertake DSL 'New to Role' and 'Update' training every two years;
- 6.1.10. All other staff have safeguarding training updated as appropriate to their role;
- 6.1.11. At least one member of the Board of Trustees has completed safer recruitment training to be repeated every five years.
- 6.1.12. Children are taught about safeguarding (including online safety) as part of a broad and balanced curriculum covering relevant issues through personal, social, health and citizenship education (PSHCE) and through relationships and sex education;
- 6.1.13. Appropriate safeguarding responses are in place for children who go missing from education, particularly on repeat occasions, to help identify the risk of abuse and neglect including sexual abuse or exploitation and to help prevent the risks of their going missing in future;
- 6.1.14. Appropriate online filtering and monitoring systems are in place;
- 6.1.15. enhanced DBS checks and section 128 checks (without barred list checks, unless the Trustee or LAB member is also a volunteer at one of the schools) are in place for all Trustees and local advisory board members;
- 6.1.16. Risk assessments are carried out on volunteers in order to judge whether to obtain an enhanced DBS certificate for any volunteer not engaging in regulated activity;
- 6.1.17. Any identified weaknesses in child protection systems within any of the academy schools, or the academy itself, are remedied immediately.

6.2. The Headteacher or Head of School will ensure that;

- 6.2.1. the Child Protection and Safeguarding Policy and procedures are implemented and followed by all staff;
- 6.2.2. sufficient time, training, support, resources, including cover arrangements where necessary, is allocated to the DSL and deputy(ies) DSL(s) to carry out their roles effectively, including the assessment of pupils and attendance at strategy discussions and other necessary meetings;
- 6.2.3. where there is a safeguarding concern that the child's wishes and feelings are taken into account when determining what action to take and what services to provide;
- 6.2.4. systems are in place for children to express their views and give feedback which operate with the best interest of the child at heart;

- 6.2.5. all staff feel able to raise concerns about poor or unsafe practice and that such concerns are handled sensitively and in accordance with the whistle-blowing procedures;
- 6.2.6. that pupils are provided with opportunities throughout the curriculum to learn about safeguarding, including keeping themselves safe both in real life and online;
- 6.2.7. they liaise with the Local Authority Designated Officer (LADO), before taking any action and on an ongoing basis, where an allegation is made against a member of staff or volunteer;
- 6.2.8. anyone who has harmed or may pose a risk to a child is referred to the Disclosure and Barring Service;
- 6.2.9. In conjunction with the DSL (see 6.3.20 below) they will ensure that, if they are away from the school site during school hours, that there is sufficient deputy DSL cover.

6.3. The Designated Safeguarding Lead for each school:

- 6.3.1. holds ultimate responsibility for safeguarding and child protection in the school;
- 6.3.2. acts as a source of support and expertise in carrying out safeguarding duties for the whole school community;
- 6.3.3. Encourages a culture of listening to children and taking account of their wishes and feelings;
- 6.3.4. is appropriately trained with updates every two years and will refresh their knowledge and skills at regular intervals but at least annually;
- 6.3.5. Will refer a child if there are concerns about possible abuse, to the local Multi-Agency Safeguarding Hub (MASH), and act as a focal point for staff to discuss concerns. Referrals should be made, following a telephone call, using the local Multi Agency Referral Form (MARF);
- 6.3.6. Will keep detailed, accurate records, using appropriate online software, of all concerns about a child even if there is no need to make an immediate referral;
- 6.3.7. Will ensure that all such records are kept confidential, stored securely and are separate from pupil records, until the child's 25th birthday;
- 6.3.8. Will ensure that an indication of the existence of the additional file in 6.3.7 above is marked on the pupil records;
- 6.3.9. Will ensure that when a pupil leaves the school, their child protection file is passed to the new school (separately from the main pupil and ensuring secure transit) and that confirmation of receipt is obtained; will ensure that due consideration is given to information sharing in advance of transferring the child protection file.
- 6.3.10. Will ensure that a copy of the CP file is retained until such a time that the new school acknowledges receipt of the original file. The copy should then be shredded;
- 6.3.11. will liaise with the local authority and work with other agencies and professionals in line with Working Together to Safeguard Children (2019);
- 6.3.12. Has a working knowledge of their local safeguarding partners' procedures;

- 6.3.13. Will ensure that either they, or another staff member, attend case conferences, core groups, or other multi-agency planning meetings, contribute to assessments, and provide a report where required which has been shared with the those who have parental responsibility;
- 6.3.14. Will ensure that any pupil currently with a child protection plan who is absent without explanation for two days is referred to their key worker's Social Care Team;
- 6.3.15. Will ensure that all staff sign to say they have read, understood and agree to work within the school's child protection policy, staff behaviour policy (code of conduct) and Keeping Children Safe in Education (2019) Part 1 and annex A and ensure that the policies are used appropriately;
- 6.3.16. Will organise child protection and safeguarding induction, regularly updated training and a minimum of annual updates (including online safety) for all school staff, keep a record of attendance and address any absences;
- 6.3.17. Will contribute to and provide, with the Headteacher, the audit of statutory duties and associated responsibilities to be submitted annually to the Senior Headteacher with responsibility for safeguarding;
- 6.3.18. Has an understanding of locally agreed processes for providing early help and intervention and will support members of staff where Early Help is appropriate;
- 6.3.19. Will ensure that the name of the Designated Safeguarding Lead and deputy(ies) are clearly advertised in the school, with a statement explaining the school's role in referring and monitoring cases of suspected abuse;
- 6.3.20. In conjunction with the Headteacher or Head of School (see 6.2.9 above) they will ensure that, if they are away from the school site during school hours, that there is sufficient deputy DSL cover.

6.4. The Deputy Designated Safeguarding Lead(s)

- 6.4.1. Is/are trained to the same standard as the Designated Safeguarding Lead and, in the absence of the DSL, carries out those functions necessary to ensure the ongoing safety and protection of pupils. In the event of the long-term absence of the DSL the deputy will assume all of the functions above.

6.5. All School Staff

- 6.5.1. Understand that it is everyone's responsibility to safeguard and promote the welfare of children and that they have a role to play in identifying concerns, sharing information and taking prompt action;
- 6.5.2. Consider, at all times, what is in the best interests of the child;
- 6.5.3. Know how to respond to a pupil who discloses abuse through delivery of 'Working together to Safeguard Children' (2019), and 'What to do if you are worried a child is being Abused' (2015);
- 6.5.4. Will refer any safeguarding or child protection concerns to the DSL or if necessary where the child is at immediate risk to the police or Children's Social Care.
- 6.5.5. Are aware of the Early Help³ process and understand their role within it including identifying emerging problems for children who may benefit from an offer of Early Help, liaising with the DSL in the first instance and supporting other agencies and professionals in an early help assessment through information sharing. In some cases staff may act as the Lead Professional in Early Help Cases.
- 6.5.6. Will provide a safe environment in which children can learn.

³ Detailed information on early help can be found in Chapter 1 of [Working together to safeguard children](#)

7. Confidentiality

- 7.1. The Eden Academy Trust recognises that in order to effectively meet a child's needs, safeguard their welfare and protect them from harm our schools must contribute to inter-agency working in line with Working Together to Safeguard Children (2018) and share information between professionals and agencies where there are concerns.
- 7.2. All staff must be aware that they have a professional responsibility to share information with other agencies in order to safeguard children and that the General Data Protection Regulation is not a barrier to sharing information where the failure to do so would place a child at risk of harm.
- 7.3. All staff must be aware that they cannot promise a child to keep secrets which might compromise the child's safety or wellbeing.
- 7.4. However, we also recognise that all matters relating to child protection are personal to children and families. Therefore, in this respect they are confidential and the Headteacher, Head of School or DSLs will only disclose information about a child to other members of staff on a need-to-know basis.
- 7.5. We will always undertake to share our intention to refer a child to Social Care with their parents /carers unless to do so could put the child at greater risk of harm, or impede a criminal investigation. If in doubt, we will consult with an Assistant Team Manager at the Children's Services Team on this point.

8. Child Protection Procedures

- 8.1. Abuse and neglect are forms of maltreatment of a child. Somebody may abuse or neglect a child by inflicting harm or by failing to act to prevent harm. Children may be abused in the family or in an institutional or community setting by those known to them or, more rarely, by others (e.g. via the internet). They may be abused by an adult or adults or by another child or children.
- 8.2. Further information about the four categories of abuse; physical, emotional, sexual and neglect, and indicators that a child may be being abused can be found in appendices 1 and 2.
- 8.3. Any child in any family in any school could become a victim of abuse. Staff should always maintain an attitude of "It could happen here".
- 8.4. There are also a number of specific safeguarding concerns that we recognise our pupils may experience;
 - 8.4.1. child missing from education (see para 21)
 - 8.4.2. child missing from home or care
 - 8.4.3. child sexual exploitation (CSE) (see para 14 and Appendix 3)
 - 8.4.4. bullying including cyberbullying (see para 10)
 - 8.4.5. domestic abuse (see para 13 and Appendix 5)
 - 8.4.6. drugs and alcohol misuse
 - 8.4.7. fabricated or induced illness
 - 8.4.8. faith abuse
 - 8.4.9. female genital mutilation (FGM) (see para 15 and Appendix 4)
 - 8.4.10. forced marriage (see para 16)

- 8.4.11. gangs and youth violence
- 8.4.12. gender-based violence/violence against women and girls (VAWG)
- 8.4.13. mental health
- 8.4.14. private fostering
- 8.4.15. radicalisation (see para 12 and Appendix 6)
- 8.4.16. youth produced sexual imagery (sexting) (see para 24)
- 8.4.17. teenage relationship abuse (see para 24)
- 8.4.18. trafficking
- 8.4.19. peer-on-peer abuse (see para 24)
- 8.5. Staff are aware that behaviours linked to drug taking, alcohol abuse, truanting and youth produced sexual imagery (sexting) put children in danger and that safeguarding issues can manifest themselves via peer-on-peer abuse.
- 8.6. We also recognise that abuse, neglect and safeguarding issues are complex and are rarely standalone events that can be covered by one definition or label. Staff are aware that in most cases multiple issues will overlap one another.
- 8.7. If staff are concerned about a child's welfare
 - 8.7.1. If staff notice any indicators of abuse/neglect or signs that a child may be experiencing a safeguarding issue they should record these concerns on an electronic cause for concern form and submit it to the DSL. They should speak to a DSL in person without delay if they believe that a child is in danger of significant imminent harm.
 - 8.7.2. If staff have a concern, they should act on it. They should not assume a colleague or another professional will take action. Staff should also be mindful that early information sharing is vital for effective identification, assessment and allocation of appropriate service provision. Staff should not assume that other professionals will share information that might be critical in keeping children safe.
 - 8.7.3. There will be occasions when staff may suspect that a pupil may be at risk, but have no 'real' evidence. The pupil's behaviour may have changed, their artwork could be bizarre, they may write stories or poetry that reveal confusion or distress, or physical or inconclusive signs may have been noticed.
 - 8.7.4. Staff should recognise that the signs may be due to a variety of factors, for example, a parent has moved out, a pet has died, a grandparent is very ill or an accident has occurred. However, they may also indicate a child is being abused or is in need of additional safeguarding action.
 - 8.7.5. In these circumstances staff will try to give the child the opportunity to talk. It is fine for staff to ask the pupil if they are OK or if they can help in any way.
 - 8.7.6. Staff should use the electronic cause for concern form to record these early concerns.
 - 8.7.7. Following an initial conversation with the pupil, if the member of staff remains concerned they should discuss their concerns with the DSL and include them on a cause for concern form.
 - 8.7.8. If the pupil does begin to reveal that they are being harmed, staff should follow the advice below regarding a pupil making a disclosure.

- 8.7.9. If, for any reason, the designated safeguarding lead (or deputy) is not available, this should not delay appropriate action being taken. In these circumstances, any action taken should be shared with the designated safeguarding lead (or deputy) as soon as is practically possible.
- 8.8. If a pupil discloses to a member of staff
- 8.8.1. We recognise that it takes a lot of courage for a child to disclose they are being abused. They may feel ashamed, guilty or scared, their abuser may have threatened that something will happen if they tell, they may have lost all trust in adults or believe that what has happened is their fault. Sometimes they may not be aware that what is happening is abuse.
- 8.8.2. A child who makes a disclosure may have to tell their story on a number of subsequent occasions to the police and/or social workers. Therefore, it is vital that their first experience of talking to a trusted adult is a positive one.
- 8.8.3. During their conversation with the pupil staff will;
- 8.8.3.1. Listen to what the child has to say and allow them to speak freely
- 8.8.3.2. Remain calm and not overreact or act shocked or disgusted - the pupil may stop talking if they feel they are upsetting the listener
- 8.8.3.3. Reassure the child that it is not their fault and that they have done the right thing in telling someone
- 8.8.3.4. Not be afraid of silences - staff must remember how difficult it is for the pupil and allow them time to talk
- 8.8.3.5. Take what the child is disclosing seriously
- 8.8.3.6. Ask open questions and avoid asking leading questions
- 8.8.3.7. Avoid jumping to conclusions, speculation or make accusations
- 8.8.3.8. Not automatically offer any physical touch as comfort. It may be anything but comforting to a child who is being abused.
- 8.8.3.9. Avoid admonishing the child for not disclosing sooner. Saying things such as 'I do wish you had told me about it when it started' may be the staff member's way of being supportive but may be interpreted by the child to mean they have done something wrong.
- 8.8.3.10. Tell the child what will happen next.
- 8.8.4. If a pupil talks to any member of staff about any risks to their safety or wellbeing the staff member will let the child know that they will have to pass the information on - staff are not allowed to keep secrets.
- 8.8.5. The member of staff should write up their conversation as soon as possible on an electronic cause for concern form in the child's own words. Staff should make this a matter of priority. It should also detail where the disclosure was made and who else was present..
- 8.9. Notifying Parents
- 8.9.1. Schools will normally seek to discuss any concerns about a pupil with their parents. This must be handled sensitively and the DSL will make contact with the parent in the event of a concern, suspicion or disclosure.
- 8.9.2. However, if the school believes that notifying parents could increase the risk to the child or exacerbate the problem, advice will first be sought from children's social care.

- 8.9.3. Where there are concerns about forced marriage or so-called honour-based violence parents should not be informed a referral is being made as to do so may place the child at a significantly increased risk.
- 8.10. Making a referral
 - 8.10.1. Concerns about a child or a disclosure should be discussed with the DSL who will help decide whether a referral to children's social care, early help or other support is appropriate in accordance with local safeguarding partners' thresholds.
 - 8.10.2. If a referral is needed then the DSL should make it. However, anyone can make a referral and if for any reason a staff member thinks a referral is appropriate and one hasn't been made they can and should consider making a referral themselves.
 - 8.10.3. Where a child is suffering, or is likely to suffer from harm, it is important that a referral to children's social care (and if appropriate the police) is made immediately.
 - 8.10.4. The child (subject to their age and understanding) and the parents will be told that a referral is being made, unless to do so would increase the risk to the child.
 - 8.10.5. If, after a referral, the child's situation does not appear to be improving the designated safeguarding lead (or the person that made the referral) should press for re-consideration to ensure their concerns have been addressed, and most importantly the child's situation improves.
 - 8.10.6. If a child is in immediate danger or is at risk of harm a referral should be made to children's social care and/or the police immediately. Anybody can make a referral.
 - 8.10.7. Where referrals are not made by the DSL, the DSL should be informed as soon as possible.
- 8.11. Supporting Staff
 - 8.11.1. We recognise that staff working in the school who have become involved with a child who has suffered harm, or appears to be likely to suffer harm may find the situation stressful and upsetting.
 - 8.11.2. We will support such staff by providing an opportunity to talk through their anxieties with the DSLs and to seek further support as appropriate.

9. Children who are particularly vulnerable

- 9.1. Eden schools recognise that the children we educate are, due to their cognitive, social, emotional and/or physical needs, or because of a fixed mindset more vulnerable to abuse and neglect and that additional barriers exist when recognising abuse.
- 9.2. We understand that this increase in risk is exacerbated by societal attitudes and assumptions or child protection procedures which fail to acknowledge children's diverse circumstances, rather than the individual child's personality, impairment or circumstances.

- 9.3. In some cases possible indicators of abuse such as a child's mood, behaviour or injury might be assumed to relate to the child's impairment or disability rather than giving a cause for concern. Or a focus may be on the child's disability, special educational needs or situation without consideration of the full picture. In other cases, such as bullying, the child may be disproportionately impacted by the behaviour without outwardly showing any signs that they are experiencing it.
- 9.4. Some children may also find it harder to disclose abuse due to communication barriers, lack of access to a trusted adult or not being aware that what they are experiencing is abuse.
- 9.5. To ensure that all of our pupils receive equal protection we will give special consideration to children who are, in addition to having special educational needs;
- 9.5.1. Disabled
 - 9.5.2. Young carers
 - 9.5.3. Affected by parental substance misuse, domestic abuse or parental mental health needs
 - 9.5.4. Asylum seekers
 - 9.5.5. Living away from home
 - 9.5.6. Vulnerable to being bullied or engaged in bullying
 - 9.5.7. Already viewed as a 'problem'
 - 9.5.8. Living in temporary accommodation
 - 9.5.9. Live transient lifestyles
 - 9.5.10. Living in chaotic and unsupportive home situations
 - 9.5.11. Vulnerable to discrimination on the grounds of race, ethnicity, religion, disability or sexuality
 - 9.5.12. At risk of sexual exploitation
 - 9.5.13. Do not have English as a first language
 - 9.5.14. At risk of female genital mutilation
 - 9.5.15. At risk of forced marriage
 - 9.5.16. At risk of radicalisation, or being drawn into extremist ideology.

10. Anti-Bullying/Cyberbullying

- 10.2. Our schools' individual policies on anti-bullying are set out in separate documents and acknowledge that to allow or condone bullying may lead to consideration under child protection procedures. This includes all forms e.g. cyber, racist, homophobic and gender related bullying. School keep a record of known bullying incidents and this information is shared termly with the Senior Headteacher with responsibility for safeguarding. All staff are aware that children with SEND and / or differences/perceived differences are more susceptible to being bullied / victims of child abuse.
- 10.3. When there is 'reasonable cause to suspect that a child is suffering, or is likely to suffer, significant harm' a bullying incident should be addressed as a child protection concern. If the anti-bullying procedures are seen to be ineffective, the Headteacher/Head of School and the DSL will also consider implementing child protection procedures.

- 10.4. The subject of bullying is addressed at regular intervals in PSHCE education.

11. Racist Incidents

- 11.1. We acknowledge that repeated racist incidents or a single serious incident may lead to consideration under child protection procedures. We keep a record of racist incidents and they are reported termly to their Senior Headteacher with responsibility for safeguarding.

12. Radicalisation and Extremism

- 12.1. The Prevent Duty for England and Wales (2015) under section 26 of the Counter-Terrorism and Security Act 2015 places a duty on education and other children's services to have due regard to the need to prevent people from being drawn into terrorism.
- 12.2. Extremism is defined as 'as 'vocal or active opposition to fundamental British values, including democracy, the rule of law, individual liberty and mutual respect and tolerance of different faiths and beliefs'. We also include in our definition of extremism calls for the death of members of our armed forces, whether in this country or overseas.
- 12.3. Some children are at risk of being radicalised; adopting beliefs and engaging in activities which are harmful, criminal or dangerous. This can happen both online and offline.
- 12.4. The Eden Academy Trust is clear that exploitation of vulnerable children and radicalisation should be viewed as a safeguarding concern and follows the Department for Education guidance for schools and childcare providers on preventing children and young people from being drawn into terrorism⁴.
- 12.5. The Eden Academy Trust seeks to protect children and young people against the messages of all violent extremism including, but not restricted to, those linked to Islamist ideology, or to Far Right / Neo Nazi / White Supremacist ideology, Irish Nationalist and Loyalist paramilitary groups, and extremist Animal Rights movements.
- 12.6. School staff receive training to help identify early signs of radicalisation and extremism. Indicators of vulnerability to radicalisation are in detailed in Appendix 6.
- 12.7. Opportunities are provided in the curriculum to enable pupils to learn about issues of religion, ethnicity and culture and the schools refer to the DfE advice Promoting Fundamental British Values as part of SMSC (spiritual, moral, social and cultural education) in Schools (2014)⁵. Examples of some of the key ways in which these values are encouraged and developed across the academy schools are detailed below.
- 12.8. At Alexandra School, this may be seen in assemblies which develop pupils' understanding of moral and ethical issues. Discussion and reflection in Thought for the week provides space to consider more deeply the issues raised in assemblies. Opportunities for discussion provided by the School Council challenges children to accommodate and work with the viewpoints of others. Music of the Week raises the children's awareness of geography and the cultural heritage of others. Where it is appropriate to the age and ability of the child, a number of classes read the newspaper or watch Newsround as a weekly activity, leading to discussion.

⁴ <https://www.gov.uk/government/publications/protecting-children-from-radicalisation-the-prevent-duty>

⁵ https://www.gov.uk/government/uploads/system/uploads/attachment_data/file/380595/SMSC_Guidance_Maintained_Schools.pdf

- 12.9. Grangewood School provides opportunities for the development of SMRC through the school curriculum and wider school opportunities. Most notable evidence of this will be seen in enhancement days covering a wide range of cultural and religious celebrations and through assemblies and theme weeks as well as community sports events. Choice and control boards and the application of the 10 Golden Rules support the development of tolerance and sharing our world.
- 12.10. At Moorcroft School there is the belief that personal development of the students is a key to reducing the risk of radicalisation. Assemblies cover such topics as religious festivals, diversity, tolerance, British values and resolving conflict. Cultural days allow students to learn about different cultures and religions. School Council gives students the opportunity to develop negotiation and assertiveness skills and the chance to learn how to resolve conflicts with people who have different views and beliefs.
- 12.11. At Pentland Field School, clubs are set up to promote a sense of belonging and a willingness to learn socially. They are encouraged to appreciate the positive effects of considerate social attitudes and the negative effects of destructive social attitudes through social stories. The school's Golden Rules encourage tolerance. Community Service lessons, activities and trips provide opportunities for pupils to get involved in the local community and to appreciate the richness and cultural diversity of the locality.
- 12.12. At RNIB Sunshine House School, pupils are encouraged to engage in a range of cultural experiences through topics and assemblies, celebrating diversity. Theme days and social education visits allow for community cohesion. The use of new technologies offers evolving opportunities for the pupils to communicate with a wider range of people in a broader sense. Pupils share ideas and news on the school 'chat' board. Regular opportunities for social interaction and sharing of interests promote friendship and an understanding and appreciation of the plurality and diversity of the school.
- 12.13. At James Rennie School the curriculum asks the questions what do pupils need to learn and how will they learn, this allows classes to focus on age and ability appropriate learning in a way that engages and pushes people. The curriculum explores knowledge and understanding, skills and awareness of self, others and our environment with a view on where young people will need to be when they leave us and make the next step. Our one school we look after each other' is taught across School, in classes, assemblies and social times.
- 12.14. At Hexham Priory School we actively seek to use the diversity of our community as a resource for learning, helping pupils to understand and respect difference in all its manifestations and to be proud of who they are. Our Equalities Policy makes clear our intention to provide the best education we can for all our pupils regardless of race, faith, gender, age, and sexual orientation. Hexham Priory School recognises and celebrates the multi-ethnic and multi-faith nature of our country and of our community.
- 12.15. The Board of Trustees, the Headteachers/Heads of School and the Designated Safeguarding Leads (DSL) will assess the level of risk within the schools and put actions in place to reduce that risk. Risk assessment may include, the use of school premises by external agencies, anti-bullying policy and other issues specific to the schools' profiles, community and philosophy.
- 12.16. When any member of staff has concerns that a pupil may be at risk of radicalisation or involvement in terrorism, they should speak with the DSL. They should then follow normal safeguarding procedures. If the matter is urgent then the local police force must be contacted by dialling 999. In non-urgent cases where police advice is sought then dial 101 and ask to speak to the local police force's Prevent Coordinator. The Department of Education has also set up a dedicated telephone helpline for staff and governors to raise concerns around Prevent (020 7340 7264).

13. Domestic Abuse

- 13.1. Domestic abuse represents one quarter of all violent crime. It is actual or threatened physical, emotional, psychological or sexual abuse. It involves the use of power and control by one person over another. It occurs regardless of race, ethnicity, gender, class, sexuality, age, religion, mental or physical ability. Domestic abuse can also involve other types of abuse.
- 13.2. We use the term domestic abuse to reflect that a number of abusive and controlling behaviours are involved beyond violence.
- 13.3. Slapping, punching, kicking, bruising, rape, ridicule, constant criticism, threats, manipulation, sleep deprivation, social isolation, and other controlling behaviours all count as abuse.
- 13.4. Living in a home where domestic abuse takes place is harmful to children and can have a serious impact on their behaviour, wellbeing and understanding of healthy, positive relationships. Children who witness domestic abuse are at risk of significant harm and staff are alert to the signs and symptoms of a child suffering or witnessing domestic abuse (See Appendix 5).

14. Child Sexual Exploitation (CSE)

- 14.1. Child sexual exploitation is a form of child sexual abuse. It occurs where an individual or group takes advantage of an imbalance of power to coerce, manipulate or deceive a child or young person under the age of 18 into sexual activity (a) in exchange for something the victim needs or wants, and/or (b) for the financial advantage or increased status of the perpetrator or facilitator. The victim may have been sexually exploited even if the sexual activity appears consensual. Child sexual exploitation does not always involve physical contact; it can also occur through the use of technology. All staff are aware of the link between online safety and vulnerability to CSE.
- 14.2. Any concerns that a child is being, or is at risk of being, sexually exploited should be passed without delay to the DSL. The Eden Academy Trust is aware there is a clear link between regular school absence/truancy and CSE. Staff should consider a child to be at potential CSE risk in the case of regular school absence/truancy and make reasonable enquiries with the child and parents to assess this risk.
- 14.3. The DSL will use the local safeguarding partners' CSE screening tool where one exists on all occasions when there is a concern that a child is being, or is at risk of being, sexually exploited or where indicators have been observed that are consistent with a child who is being or who is at risk of being sexually exploited. Where one is not available the DSL will report concerns to their local authority via the MASH team in the usual way.
- 14.4. In all cases if the tool identified any level of concern (green, amber or red) the DSL should contact the local MASH and email the completed CSE screening tool along with a Multi-Agency Referral Form (MARF). If a child is in immediate danger the police should be called on 999.
- 14.5. The Eden Academy Trust is aware that a child often is not able to recognise the coercive nature of the abuse and does not see themselves as a victim. As a consequence the child may resent what they perceive as interference by staff. However, staff must act on their concerns as they would for any other type of abuse. Children also rarely self-report CSE so staff must be particularly vigilant to potential indicators of risk.

15. Female Genital Mutilation (FGM)

- 15.1. Female Genital Mutilation (FGM) is illegal in England and Wales under the FGM Act (2003). It is a form of child abuse and violence against women. A mandatory reporting duty requires teachers to report 'known' cases of FGM in under 18s, which are identified in the course of their professional work, to the police⁶.
- 15.2. The duty applies to all persons in The Eden Academy Trust who is employed or engaged to carry out 'teaching work' in the school, whether or not they have qualified teacher status. The duty applies to the individual who becomes aware of the case to make a report. It should not be transferred to the Designated Safeguarding Lead, however the DSL should be informed.
- 15.3. If a teacher is informed by a girl under 18 that an act of FGM has been carried out on her or a teacher observes physical signs which appear to show that an act of FGM has been carried out on a girl under 18 and they have no reason to believe the act was necessary for the girl's physical or mental health or for purposes connected with labour or birth, the teacher must personally make a report to the police force in which the girl resides by calling 101.
- 15.4. School staff are trained to be aware of risk indicators of FGM which are set out in Appendix 4. Concerns about FGM outside of the mandatory reporting duty should be reported as per The Eden Academy Trust child protection procedures. Staff should be particularly alert to suspicions or concerns expressed by female pupils about going on a long holiday during the summer vacation period. There should also be consideration of potential risk to other girls in the family and practicing community.
- 15.5. Where there is a risk to life or likelihood of serious immediate harm the teacher should report the case immediately to the police, including dialling 999 if appropriate.
- 15.6. There are no circumstances in which a teacher or other member of staff should examine a pupil for signs of FGM.

16. Forced Marriage

- 16.1. A forced marriage is a marriage in which one or both people do not (or in cases of people with learning disabilities cannot) consent to the marriage but are coerced into it. Coercion may include physical, psychological, financial, sexual and emotional pressure. It may also involve physical or sexual violence and abuse.
- 16.2. Forced marriage is an appalling and indefensible practice and is recognised in the UK as a form of violence against women and men, domestic/child abuse and a serious abuse of human rights. Since June 2014 forcing someone to marry has become a criminal offence in England and Wales under the Anti-Social Behaviour, Crime and Policing Act 2014.
- 16.3. A forced marriage is not the same as an arranged marriage which is common in some cultures. The families of both spouses take a leading role in arranging the marriage but the choice of whether or not to accept the arrangement remains with the prospective spouses.
- 16.4. School staff should never attempt to intervene directly as a school or through a third party in cases where it is suspected forced marriage has taken place or is being planned for. Contact should be made with the MASH team.

⁶ <https://www.gov.uk/government/publications/mandatory-reporting-of-female-genital-mutilation-procedural-information>

17. So-called honour-based Violence (including female genital mutilation and forced marriage)

- 17.1. So-called honour-based violence (HBV) can be described as a collection of practices, which are used to control behaviour within families or other social groups to protect perceived cultural and religious beliefs and/or honour. Such violence can occur when perpetrators perceive that a relative has shamed the family and/or community by breaking their honour code.
- 17.2. So-called honour-based violence might be committed against people who;
 - 17.2.1. become involved with a boyfriend or girlfriend from a different culture or religion;
 - 17.2.2. want to get out of an arranged marriage;
 - 17.2.3. want to get out of a forced marriage;
 - 17.2.4. wear clothes or take part in activities that might not be considered traditional within a particular culture.
- 17.3. It is a violation of human rights and may be a form of domestic and/or sexual abuse. As a result, suspicions should be reported and dealt with in the same way all other concerns of domestic or sexual abuse are reported and dealt with, namely by reporting immediately to DSLs who will liaise with the MASH team. There is no, and cannot be, honour or justification for abusing the human rights of others.

18. One Chance Rule

- 18.1. All staff are aware of the 'One Chance' Rule' in relation to forced marriage, FGM and HBV. Staff recognise they may only have one chance to speak to a pupil who is a potential victim and have just one chance to save a life.
- 18.2. The Eden Academy Trust are aware that if the victim is not offered support following disclosure that the 'One Chance' opportunity may be lost. Therefore, all staff are aware of their responsibilities and obligations when they become aware of potential forced marriage, FGM and HBV cases.

19. Private Fostering Arrangements

- 19.1. A private fostering arrangement occurs when someone other than a parent or close relative cares for a child for a period of 28 days or more, with the agreement of the child's parents. It applies to children under the age of 16, or 18 if the child is disabled. Children looked after by the local authority or who are placed in residential schools, children's homes or hospitals are not considered to be privately fostered.
- 19.2. Private fostering occurs in all cultures, including British culture and children may be privately fostered at any age.
- 19.3. The Eden Academy Trust recognise that most privately fostered children remain safe and well but are aware that safeguarding concerns have been raised in some cases. Therefore, all staff are alert to possible safeguarding issues, including the possibility that the child has been trafficked into the country.
- 19.4. By law, a parent, private foster carer or other persons involved in making a private fostering arrangement must notify children's services as soon as possible. However, where a member of staff becomes aware that a pupil may be in a private fostering arrangement they will raise this with the DSL and the DSL will notify the local authority in which the child is resident of the circumstances.

20. Looked After Children

- 20.1. The most common reason for children becoming looked after is as a result of abuse and neglect. The Eden Academy Trust ensures that staff have the necessary skills and understanding to keep looked after children safe. Appropriate staff have information about a child's looked after legal status and care arrangements, including the level of authority delegated to the carer by the authority looking after the child and contact arrangements with birth parents or those with parental responsibility.
- 20.2. The designated teacher for looked after children and the DSL have details of the child's social worker and the name and contact details of the Virtual School Headteachers for children in care for the local authorities with which the school works.
- 20.3. The designated teacher for looked after children works with the Virtual School Headteacher to discuss how Pupil Premium Plus funding can be best used to support the progress of looked after children in the school and meet the needs in the child's personal education plan (PEP).
- 20.4. Children who were previously looked after remain vulnerable and designated teachers and Headteachers will ensure agencies work together to safeguard them.

21. Children Missing Education

- 21.1. Attendance, absence and exclusions are closely monitored. A child going missing from education is a potential indicator of abuse and neglect, including sexual abuse and sexual exploitation.
- 21.2. The DSL will monitor unauthorised absences and take appropriate action including notifying the relevant local authority, particularly where children go missing on repeat occasions and/or are missing for periods during the school day in conjunction with 'Children Missing Education: Statutory Guidance for Local Authorities'⁷ and any local authority policies on missing education.
- 21.3. Staff must be alert to signs of children at risk of travelling to conflict zones, female genital mutilation and forced marriage.
- 21.4. As a preventative measure our schools will seek to hold more than one emergency contact number for parents or carers giving additional options to make contact with a responsible adult when a child missing education is also identified as a welfare and/or safeguarding concern.

22. Online Safety

- 22.1. Children and young people increasingly use electronic equipment on a daily basis to access the internet, play games, share and view content and images via social media.
- 22.2. Unfortunately, some adults and other children use these technologies to harm children. The harm might range from sending hurtful or abusive texts or e-mails, to grooming and enticing children to engage in extremist or sexual behaviour such as webcam photography or face-to-face meetings. Pupils may also be distressed or harmed by accessing inappropriate material such as pornographic websites or those which promote extremist behaviour, criminal activity, suicide or eating disorders
- 22.3. The Eden Academy Trust has an e-safety guidelines policy which explains how we try to keep pupils safe in school and how we respond to online safety incidents (See flowchart, Appendix 7).

⁷ <https://www.gov.uk/government/publications/children-missing-education>

- 22.4. Pupils are taught about online safety throughout the curriculum at a level appropriate to their age and level of cognitive ability, and all staff receive online safety training which is regularly updated. We also routinely filter out social media, such as Facebook. However, specific access arrangements can be made to ensure children can learn about safe and appropriate use of social media platforms, e-mail and other IT systems.

23. Peer on Peer Abuse

- 23.1. In most instances, the conduct of pupils towards each other will be covered by our behaviour policy. However, some allegations may be of such a serious nature that they may raise safeguarding concerns. The Eden Academy Trust recognise that children are capable of abusing their peers. It will not be passed off as 'banter' or 'part of growing up'. The forms of peer-on-peer abuse, are most likely to include, but not limited to: bullying (including cyber bullying); physical abuse such as hitting, kicking, shaking, biting, hair pulling or otherwise causing physical harm; sexual violence such as rape, assault by penetration and sexual assault; sexual harassment such as sexual comments, remarks, jokes and online sexual harassment, which may be stand-alone or part of a broader pattern of abuse; upskirting, which typically involves taking a picture under a person's clothing without them knowing, with the intention of viewing their genitals or buttocks or obtaining sexual gratification, or cause the victim humiliation, distress or alarm; sexting (also known as youth produced sexual imagery); and hazing/initiation type violence and rituals. They can be categorised as:
- 23.1.1. Domestic abuse - an incident or pattern of actual or threatened acts of physical, sexual, financial and/or emotional abuse, perpetrated by an adolescent against a current or former dating partner regardless of gender or sexuality.
 - 23.1.2. Child sexual exploitation - children under the age of 18 may be sexually abused in the context of exploitative relationships, contexts and situations by peers who are also under 18.
 - 23.1.3. Harmful sexual behaviour - Children and young people presenting with sexual behaviours that are outside of developmentally 'normative' parameters and harmful to themselves and others (For more information, please see Appendix 2).
 - 23.1.4. Serious youth violence - Any offence of most serious violence or weapon enabled crime, where the victim is aged 1-19, i.e. murder, manslaughter, rape, wounding with intent and causing grievous bodily harm. 'Youth violence' is defined in the same way, but also includes assault with injury offences.
- 23.2. Upskirting - staff should be made aware that upskirting (taking a picture under a person's clothing without them knowing, with the intention of viewing their genitals or buttocks or obtaining sexual gratification, or cause the victim humiliation, distress or alarm) is a criminal offence under the Voyeurism (Offences) Act 2019.
- 23.3. The term peer-on-peer abuse can refer to all of these definitions and a child may experience one or multiple facets of abuse at any one time. Therefore, our response will cut across these definitions and capture the complex web of their experiences.
- 23.4. There are also different gender issues that can be prevalent when dealing with peer on peer abuse (i.e. girls being sexually touched/assaulted or boys being subjected to initiation/hazing type violence).
- 23.5. The Eden Academy Trust aims to reduce the likelihood of peer on peer abuse through;
- 23.5.1. the established ethos of respect, friendship, courtesy and kindness;

- 23.5.2. high expectations of behaviour;
 - 23.5.3. clear consequences for unacceptable behaviour;
 - 23.5.4. providing a developmentally appropriate PSHE curriculum which develops pupils' understanding of healthy relationships, acceptable behaviour, consent and keeping themselves safe;
 - 23.5.5. systems for any pupil to raise concerns with staff, knowing that they will be listened to, valued and believed;
 - 23.5.6. robust risk assessments and providing targeted work for pupils identified as being a potential risk to other pupils and those identified as being at risk.
- 23.6. Research indicates that young people rarely disclose peer on peer abuse and that if they do, it is likely to be to their friends. Therefore, The Eden Academy Trust will, where appropriate, also educate pupils in how to support their friends if they are concerned about them, that they should talk to a trusted adult in the school and what services they can contact for further advice.
- 23.7. Any concerns, disclosures or allegations of peer on peer abuse in any form should be referred to the DSL using The Eden Academy's child protection procedures as set out in this policy. Where a concern regarding peer on peer abuse has been disclosed to the DSL(s), advice and guidance will be sought from children's social care and where it is clear a crime has been committed or there is a risk of crime being committed the police will be contacted.
- 23.8. Working with external agencies schools will respond to unacceptable behaviour. If a pupil's behaviour negatively impacts on the safety and welfare of other pupils then safeguards will be put in place to promote the well-being of the pupils affected and the victim and perpetrator will be provided with support.

24. Youth produced sexual imagery (sexting) ⁸

- 24.1. The practice of children sharing images and videos via text message, e-mail, social media or mobile messaging apps has become commonplace. However, this online technology has also given children the opportunity to produce and distribute sexual imagery in the form of photos and videos. Such imagery involving anyone under the age of 18 is illegal.
- 24.2. Youth produced sexual imagery refers to both images and videos where;
- 24.2.1. A person under the age of 18 creates and shares sexual imagery of themselves with a peer under the age of 18.
 - 24.2.2. A person under the age of 18 shares sexual imagery created by another person under the age of 18 with a peer under the age of 18 or an adult.
 - 24.2.3. A person under the age of 18 is in possession of sexual imagery created by another person under the age of 18.
- 24.3. All incidents of this nature should be treated as a safeguarding concern and in line with the UKCCIS guidance 'Sexting in schools and colleges: responding to incidents and safeguarding young people'⁹.
- 24.4. Cases where sexual imagery of people under 18 has been shared by adults and where sexual imagery of a person of any age has been shared by an adult to a child is child sexual abuse and should be responded to accordingly.

⁸ Youth refers to anyone under the age of 18.

⁹ https://assets.publishing.service.gov.uk/government/uploads/system/uploads/attachment_data/file/609874/6_29_39_SP_NCA_Sexting_In_Schools_FINAL_Update_Jan17.pdf

- 24.5. If a member of staff becomes aware of an incident involving youth produced sexual imagery they should follow the child protection procedures and refer to the DSL as soon as possible. The member of staff should confiscate the device involved and set it to flight mode or, if this is not possible, turn it off. Staff should not view, copy or print the youth produced sexual imagery.
- 24.6. The DSL should hold an initial review meeting with appropriate school staff and subsequent interviews with the children involved (if appropriate). Parents should be informed at an early stage and involved in the process unless there is reason to believe that involving parents would put the child at risk of harm. At any point in the process if there is concern a young person has been harmed or is at risk of harm a referral should be made to Children's Social Care or the Police as appropriate.
- 24.7. Immediate referral at the initial review stage should be made to Children's Social Care/Police if;
- 24.7.1. The incident involves an adult;
 - 24.7.2. There is good reason to believe that a young person has been coerced, blackmailed or groomed or if there are concerns about their capacity to consent (for example, the obvious concern in our case that it may be owing to special education needs);
 - 24.7.3. What you know about the imagery suggests the content depicts sexual acts which are unusual for the child's development stage or are violent;
 - 24.7.4. The imagery involves sexual acts;
 - 24.7.5. The imagery involves anyone aged 12 or under;
 - 24.7.6. There is reason to believe a child is at immediate risk of harm owing to the sharing of the imagery, for example the child is presenting as suicidal or self-harming.
 - 24.7.7. Given the needs of all of our children, there is a strong presumption that all cases will involve referral and there would have to be extremely compelling reasons not to that must be documented in the form of a risk assessment and agreed by the DSL and Headteacher/Head of School.
- 24.8. If none of the above apply then the DSL will use their professional judgement to assess the risk to pupils involved and may decide, with input from the Headteacher/Head of School, to respond to the incident without escalation to Children's Social Care or the police.
- 24.9. In applying judgement the DSL will consider if;
- 24.9.1. there is a significant age difference between the sender/receiver;
 - 24.9.2. there is any coercion or encouragement beyond the sender/receiver;
 - 24.9.3. the imagery was shared and received with the knowledge of the child in the imagery;
 - 24.9.4. the child is more vulnerable than usual i.e. at risk;
 - 24.9.5. there is a significant impact on the children involved;
 - 24.9.6. the image is of a severe or extreme nature;
 - 24.9.7. the child involved understands consent;
 - 24.9.8. the situation is isolated or if the image been more widely distributed;

- 24.9.9. there other circumstances relating to either the sender or recipient that may add cause for concern i.e. difficult home circumstances;
- 24.9.10. the children have been involved in incidents relating to youth produced imagery before.
- 24.10. If any of these circumstances are present the situation will be escalated according to our child protection procedures, including reporting to the police or children's social care. Otherwise, the situation will be managed within the school.
- 24.11. The DSL will record all incidents of youth produced sexual imagery, including both the actions taken, actions not taken, reasons for doing so and the resolution in line with safeguarding recording procedures.

25. Serious Violence

- 25.1. All staff should be alert to the signs that may indicate that children are vulnerable to, or involved in, serious crime. These may include increased absence from school, a change in friendships or relationships with older individuals or groups, a significant decline in performance, signs of self-harm or a significant change in wellbeing, or signs of assault or unexplained injuries. Unexplained gifts or new possessions could also indicate that children have been approached by, or are involved with, individuals associated with criminal networks or gangs.
- 25.2. If a member of staff becomes concerned that a child or children may be vulnerable to, or involved in, serious crime they should follow the child protection procedures and refer to the DSL as soon as possible.

26. Allegations against staff

- 26.1. All school staff should take care not to place themselves in a vulnerable position with a child. It is always advisable for interviews or work with individual children or parents to be conducted in view of other adults.
- 26.2. All staff should be aware of their school's own behaviour policy.
- 26.3. Guidance about conduct and safe practice, including safe use of mobile phones by staff and volunteers will be given at induction¹⁰
- 26.4. We understand that a pupil may make an allegation against a member of staff or staff may have concerns about another staff member.
- 26.5. If such an allegation is made, or information is received which suggests that a person may be unsuitable to work with children, the member of staff receiving the allegation or aware of the information, will immediately inform the Headteacher/Head of School¹¹.
- 26.6. The Headteacher/Head of School on all such occasions will discuss the content of the allegation with the Local Authority Designated Officer (LADO) of the local authority in which their school is based at the earliest opportunity and before taking any further action.

¹⁰ Refer to "Guidance for Safe Working Practice for the Protection of Children and Staff in Education Settings" available on the DfE website

¹¹ or the Chief Executive Officer in the event of an allegation against a Headteacher or Head of School

- 26.7. If the allegation made to a member of staff concerns the Headteacher/Head of School, the person receiving the allegation will immediately inform the Chief Executive Officer who will consult the LADO as in 23.6 above, without notifying the Headteacher/Head of School first.
- 26.8. The school will follow the local safeguarding partners' procedures for managing allegations against staff, procedures set out in Keeping Children Safe in Education (2019) and the academy's managing allegations policy and procedures.
- 26.9. Suspension of the member of staff, excluding the Headteacher/Head of School, against whom an allegation has been made, needs careful consideration, and the Headteacher/Head of School will seek the advice of the LADO in making this decision.
- 26.10. In the event of an allegation against the Headteacher/Head of School, the decision to suspend will be made by the Chief Executive Officer with advice as in 23.9 above.
- 26.11. We have a procedure for managing the suspension of a contract for a community user in the event of an allegation arising in that context.
- 26.12. Staff, parents and local advisory board members are reminded that publication of material that may lead to the identification of a teacher who is the subject of an allegation is prohibited by law. Publication includes verbal conversations or writing including content placed on social media sites.

27. Whistleblowing

- 27.1. We recognise that children cannot be expected to raise concerns in an environment where staff fail to do so.
- 27.2. All staff should be aware of their duty to raise concerns, where they exist, about the management of child protection, which may include the attitude or actions of colleagues, poor or unsafe practice and potential failures in their school's safeguarding arrangements. If it becomes necessary to consult outside the school, they should speak in the first instance, to the LADO following the Trust's Whistleblowing Policy.¹²
- 27.3. The NSPCC whistleblowing helpline is available for staff who do not feel able to raise concerns regarding child protection failures internally. Staff can call: 0800 028 0285 - line is available from 8:00 AM to 8:00 PM, Monday to Friday and Email: help@nspcc.org.uk.
- 27.4. Whistleblowing regarding the Headteacher/Head of School should be made to the Chief Executive Officer whose contact details are available at the top of this policy.

28. Physical Intervention

- 28.1. We acknowledge that staff must only ever use physical intervention as a last resort, when a child is endangering him/herself or others, and that at all times it must be the minimal force necessary to prevent injury to another person. Given the particular vulnerabilities of our pupil populations planning positive and proactive behaviour support must be used to reduce the occurrence of risky behaviour and the need to use restraint.
- 28.2. Such events should be recorded using the school's system as soon as is practicably possible and certainly within 24 hours.
- 28.3. The DSL or deputy DSL will review all reports of physical intervention within 24 hours of submission to ensure policy and procedure is followed, to keep track of patterns and trends and to follow up where appropriate to ensure the wellbeing of all involved.
- 28.4. Parents must be informed when their child has been subject to physical intervention.
- 28.5. Staff who are likely to need to use physical intervention will be appropriately trained using a recognised and accredited training provider who conform to the BILD Physical Intervention Accreditation Scheme and/or the Institute of Conflict Management.
- 28.6. We recognise that touch is appropriate in the context of working with children, and all staff have been given 'Safe Practice' guidance to ensure they are clear about their professional boundaries.¹³

¹² General guidance on whistleblowing can be found in the [Whistleblowing for Employees](#) guidance.

¹³ Guidance on Safer Working Practices is available on the DfE website

Appendix 1

Recognising signs of child abuse

Categories of Abuse:

- Physical Abuse
- Emotional Abuse (including Domestic Abuse)
- Sexual Abuse (including child sexual exploitation)
- Neglect

Signs of Abuse in Children:

The following non-specific signs may indicate something is wrong:

- Significant change in behaviour
- Extreme anger or sadness
- Aggressive and attention-seeking behaviour
- Suspicious bruises with unsatisfactory explanations
- Lack of self-esteem
- Self-injury
- Depression
- Age inappropriate sexual behaviour
- Child Sexual Exploitation.

Risk Indicators

The factors described in this section are frequently found in cases of child abuse. Their presence is not proof that abuse has occurred, but:

- Must be regarded as indicators of the possibility of significant harm
- Justifies the need for careful assessment and discussion with designated / named / lead person, manager, (or in the absence of all those individuals, an experienced colleague)
- May require consultation with and / or referral to Children's Services

The absence of such indicators does not mean that abuse or neglect has not occurred.

In an abusive relationship the child may:

- Appear frightened of the parent/s, carers or guardian
- Act in a way that is inappropriate to her/his age and stage of development (though full account needs to be taken of different patterns of development and different ethnic groups)

The parent or carer may:

- Persistently avoid child health promotion services and treatment of the child's episodic illnesses
- Have unrealistic expectations of the child
- Frequently complain about/to the child and may fail to provide attention or praise (high criticism/low warmth environment)
- Be absent or misusing substances

- Persistently refuse to allow access on home visits
- Be involved in domestic abuse

Staff should be aware of the potential risk to children when individuals, previously known or suspected to have abused children, move into the household.

Recognising Physical Abuse

The following are often regarded as indicators of concern:

- An explanation which is inconsistent with an injury
- Several different explanations provided for an injury
- Unexplained delay in seeking treatment
- The parents/carers are uninterested or undisturbed by an accident or injury
- Parents are absent without good reason when their child is presented for treatment
- Repeated presentation of minor injuries (which may represent a “cry for help” and if ignored could lead to a more serious injury)
- Family use of different doctors and A&E departments
- Reluctance to give information or mention previous injuries

Bruising

Children can have accidental bruising, but the following must be considered as non-accidental unless there is evidence or an adequate explanation provided:

- Any bruising to a pre-crawling or pre-walking baby
- Bruising in or around the mouth, particularly in small babies which may indicate force feeding
- Two simultaneous bruised eyes, without bruising to the forehead, (rarely accidental, though a single bruised eye can be accidental or abusive)
- Repeated or multiple bruising on the head or on sites unlikely to be injured accidentally
- Variation in colour possibly indicating injuries caused at different times
- The outline of an object used e.g. belt marks, hand prints or a hair brush
- Bruising or tears around, or behind, the earlobe/s indicating injury by pulling or twisting
- Bruising around the face
- Grasp marks on small children
- Bruising on the arms, buttocks and thighs may be an indicator of sexual abuse

This resource from NSPCC, ‘Bruises on children: Core info leaflet’ is extremely useful on this subject - <https://www.nspcc.org.uk/services-and-resources/research-and-resources/pre-2013/bruises-children-core-info/>

Bite Marks

Bite marks can leave clear impressions of the teeth. Human bite marks are oval or crescent shaped. Those over 3 cm in diameter are more likely to have been caused by an adult or older child.

A medical opinion should be sought where there is any doubt over the origin of the bite.

Burns and Scalds

It can be difficult to distinguish between accidental and non-accidental burns and scalds, and will always require experienced medical opinion. Any burn with a clear outline may be suspicious e.g.:

- Circular burns from cigarettes (but may be friction burns if along the bony protuberance of the spine)
- Linear burns from hot metal rods or electrical fire elements
- Burns of uniform depth over a large area
- Scalds that have a line indicating immersion or poured liquid (a child getting into hot water of his/her own accord will struggle to get out and cause splash marks)
- Old scars indicating previous burns/scalds which did not have appropriate treatment or adequate explanation

Scalds to the buttocks of a small child, particularly in the absence of burns to the feet, are indicative of dipping into a hot liquid or bath.

Fractures

Fractures may cause pain, swelling and discolouration over a bone or joint.

Non-mobile children rarely sustain fractures.

There are grounds for concern if:

- The history provided is vague, non-existent or inconsistent with the fracture type
- There are associated old fractures
- Medical attention is sought after a period of delay when the fracture has caused symptoms such as swelling, pain or loss of movement
- There is an unexplained fracture in the first year of life

Scars

A large number of scars or scars of different sizes or ages, or on different parts of the body, may suggest abuse.

Recognising Emotional Abuse

Emotional abuse may be difficult to recognise, as the signs are usually behavioural rather than physical. The manifestations of emotional abuse might also indicate the presence of other kinds of abuse.

The indicators of emotional abuse are often also associated with other forms of abuse.

The following may be indicators of emotional abuse:

- Developmental delay
- Abnormal attachment between a child and parent/carer e.g. anxious, indiscriminate or not attachment
- Indiscriminate attachment or failure to attach
- Aggressive behaviour towards others
- Scapegoated within the family
- Frozen watchfulness, particularly in pre-school children
- Low self-esteem and lack of confidence
- Withdrawn or seen as a “loner” - difficulty relating to others

Recognising Signs of Sexual Abuse

Boys and girls of all ages may be sexually abused and are frequently scared to say anything due to guilt and/or fear. This is particularly difficult for a child to talk about and full account should be taken of the cultural sensitivities of any individual child/family.

Recognition can be difficult, unless the child discloses and is believed. There may be no physical signs and indications are likely to be emotional/behavioural.

Some behavioural indicators associated with this form of abuse are:

- Inappropriate sexualised conduct
- Sexually explicit behaviour, play or conversation, inappropriate to the child's age or stage of development
- Continual and inappropriate or excessive masturbation
- Self-harm (including eating disorder), self-mutilation and suicide attempts
- Involvement in prostitution or indiscriminate choice of sexual partners
- An anxious unwillingness to remove clothes e.g. for sports events (but this may be related to cultural norms or physical difficulties)

Some physical indicators associated with this form of abuse are:

- Pain or itching of genital area
- Blood on underclothes
- Pregnancy in a young person where the identity of the father is not disclosed, and where the young person is either below the legal age of consent, or there is good reason to believe the young person would not have been in a position to give informed consent to sexual intercourse (thresholds for Fraser competency unlikely to be met could be one such example)
- Physical symptoms such as injuries to the genital or anal area, bruising to buttocks, abdomen and thighs, sexually transmitted disease, presence of semen on vagina, anus, external genitalia or clothing

Recognising Neglect

Evidence of neglect is built up over a period of time and can cover different aspects of parenting. Indicators include:

- Failure by parents or carers to meet the basic essential needs e.g. adequate food, clothes, warmth, hygiene and medical care
- A child seen to be listless, apathetic and unresponsive with no apparent medical cause.
- Failure of child to grow within normal expected pattern, with accompanying weight loss
- Child thrives away from home environment
- Child frequently absent from school
- Child left with adults who are intoxicated or violent
- Child abandoned or left alone for excessive periods

Appendix 2

Sexual Abuse by Young People

The boundary between what is abusive and what is part of normal childhood or youthful experimentation can be blurred. The determination of whether behaviour is developmental, inappropriate or abusive will hinge around the related concepts of true consent, power imbalance and exploitation. This may include children and young people who exhibit a range of sexually problematic behaviour such as indecent exposure, obscene telephone calls, fetishism, bestiality and sexual abuse against adults, peers or children.

Developmental Sexual Activity encompasses those actions that are to be expected from children and young people as they move from infancy through to an adult understanding of their physical, emotional and behavioural relationships with each other. Such sexual activity is essentially information gathering and experience testing. It is characterised by mutuality and of the seeking of consent.

Inappropriate Sexual Behaviour can be inappropriate socially, inappropriate to development, or both. In considering whether behaviour fits into this category, it is important to consider what negative effects it has on any of the parties involved and what concerns it raises about a child or young person. It should be recognised that some actions may be motivated by information seeking, but still cause significant upset, confusion, worry, physical damage, etc. It may also be that the behaviour is “acting out” which may derive from other sexual situations to which the child or young person has been exposed. If an act appears to have been inappropriate, there may still be a need for some form of behaviour management or intervention. For some children, educative inputs may be enough to address the behaviour.

Abusive sexual activity includes any behaviour involving coercion, threats, aggression together with secrecy, or where one participant relies on an unequal power base. In order to more fully determine the nature of the activity the following factors should be given consideration. The presence of exploitation in terms of:

- ❖ **Equality** - consider differentials of physical, cognitive and emotional development, power and control and authority, passive and assertive tendencies
- ❖ **Consent** - agreement including all the following:
 - Understanding that is proposed based on age, maturity, development level, functioning and experience
 - Knowledge of society’s standards for what is being proposed
 - Awareness of potential consequences and alternatives
 - Assumption that agreements or disagreements will be respected equally
 - Voluntary decision
 - Mental competence
- ❖ **Coercion** - the young perpetrator who abuses may use techniques like bribing, manipulation and emotional threats of secondary gains and losses that is loss of love, friendship, etc. Some may use physical force, brutality or the threat of these regardless of victim resistance.

In evaluating sexual behaviour of children and young people, the above information should be used only as a guide. Further information and advice to assist in identifying and responding appropriately to sexual behaviour is available from the Brook Sexual Behaviours Traffic Light Tool¹⁴.

¹⁴ <https://www.brook.org.uk/our-work/category/sexual-behaviours-traffic-light-tool>

Appendix 3

Child Sexual Exploitation

Staff should refer to Part A of 'Child Sexual Exploitation: Definition and a guide for practitioners, local leaders and decision makers working to protect children from child sexual exploitation' (2017)¹⁵ for comprehensive guidance on Child Sexual Exploitation.

The following list of indicators is not exhaustive or definitive but it does highlight common signs which can assist professionals in identifying children or young people who may be victims of sexual exploitation.

Signs include:

- going missing from home or school
- regular school absence/truancy
- underage sexual activity
- inappropriate sexual or sexualised behaviour
- sexually risky behaviour, 'swapping' sex
- repeat sexually transmitted infections
- in girls, repeat pregnancy, abortions, miscarriage
- receiving unexplained gifts or gifts from unknown sources
- having multiple mobile phones and worrying about losing contact via mobile
- online safety concerns such as youth produced sexual imagery or being coerced into sharing explicit images.
- having unaffordable new things (clothes, mobile) or expensive or harmful habits (alcohol, drugs)
- changes in the way they dress
- going to hotels or other unusual locations to meet friends
- seen at known places of concern
- moving around the country, appearing in new towns or cities, not knowing where they are
- getting in/out of different cars driven by unknown adults
- having older boyfriends or girlfriends
- contact with known perpetrators
- involved in abusive relationships, intimidated and fearful of certain people or situations
- hanging out with groups of older people, or anti-social groups, or with other vulnerable peers
- associating with other young people involved in sexual exploitation
- recruiting other young people to exploitative situations
- truancy, exclusion, disengagement with school, opting out of education altogether
- unexplained changes in behaviour or personality (chaotic, aggressive, sexual)
- mood swings, volatile behaviour, emotional distress
- self-harming, suicidal thoughts, suicide attempts, overdosing, eating disorders
- drug or alcohol misuse
- getting involved in crime
- police involvement, police records
- involved in gangs, gang fights, gang membership
- injuries from physical assault, physical restraint, sexual assault.

¹⁵https://www.gov.uk/government/uploads/system/uploads/attachment_data/file/591903/CSE_Guidance_Core_Document_13.02.2017.pdf

Appendix 4

Female Genital Mutilation (FGM)

It is essential that staff are aware of FGM practices and the need to look for signs, symptoms and other indicators of FGM.

What is FGM?

It involves procedures that intentionally alter/injure the female genital organs for non-medical reasons.

4 types of procedure:

Type 1 Clitoridectomy - partial/total removal of clitoris

Type 2 Excision - partial/total removal of clitoris and labia minora

Type 3 Infibulation entrance to vagina is narrowed by repositioning the inner/outer labia

Type 4 all other procedures that may include: pricking, piercing, incising, cauterising and scraping the genital area.

Why is it carried out?

Belief that:

- FGM brings status/respect to the girl - social acceptance for marriage
- Preserves a girl's virginity
- Part of being a woman / rite of passage
- Upholds family honour
- Cleanses and purifies the girl
- Gives a sense of belonging to the community
- Fulfils a religious requirement
- Perpetuates a custom/tradition
- Helps girls be clean / hygienic
- Is cosmetically desirable
- Mistakenly believed to make childbirth easier

Is FGM legal?

FGM is internationally recognised as a violation of human rights of girls and women. It is **illegal** in most countries including the UK.

Circumstances and occurrences that may point to FGM happening are:

- Child talking about getting ready for a special ceremony
- Family taking a long trip abroad
- Child's family being from one of the 'at risk' communities for FGM (Kenya, Somalia, Sudan, Sierra Leone, Egypt, Nigeria, Eritrea as well as non-African communities including Yemeni, Afghani, Kurdistan, Indonesia and Pakistan)
- Knowledge that the child's sibling has undergone FGM
- Child talks about going abroad to be 'cut' or to prepare for marriage

Signs that may indicate a child has undergone FGM:

- Prolonged absence from school and other activities
- Behaviour change on return from a holiday abroad, such as being withdrawn and appearing subdued
- Bladder or menstrual problems
- Finding it difficult to sit still and looking uncomfortable
- Complaining about pain between the legs
- Mentioning something somebody did to them that they are not allowed to talk about
- Secretive behaviour, including isolating themselves from the group
- Reluctance to take part in physical activity
- Repeated urinal tract infection
- Disclosure

The 'One Chance' rule

As with Forced Marriage there is the 'One Chance' rule. It is essential that settings /schools/colleges take action **without delay** and make a referral to children's services or to police if the circumstances come under the mandatory reporting duty for those employed or engaged to carry out 'teaching work' in the school.

Appendix 5

Domestic Abuse

How does it affect children?

Children can be traumatised by seeing and hearing violence and abuse. They may also be directly targeted by the abuser or take on a protective role and get caught in the middle. In the long term this can lead to mental health issues such as depression, self-harm and anxiety.

What are the signs to look out for?

Children affected by domestic abuse reflect their distress in a variety of ways. They may change their usual behaviour and become withdrawn, tired, start to wet the bed and have behavioural difficulties. They may not want to leave their house or may become reluctant to return. Others will excel, using their time in your care as a way to escape from their home life. None of these signs are exclusive to domestic abuse so when you are considering changes in behaviours and concerns about a child, think about whether domestic abuse may be a factor.

Appendix 6

INDICATORS OF VULNERABILITY TO RADICALISATION

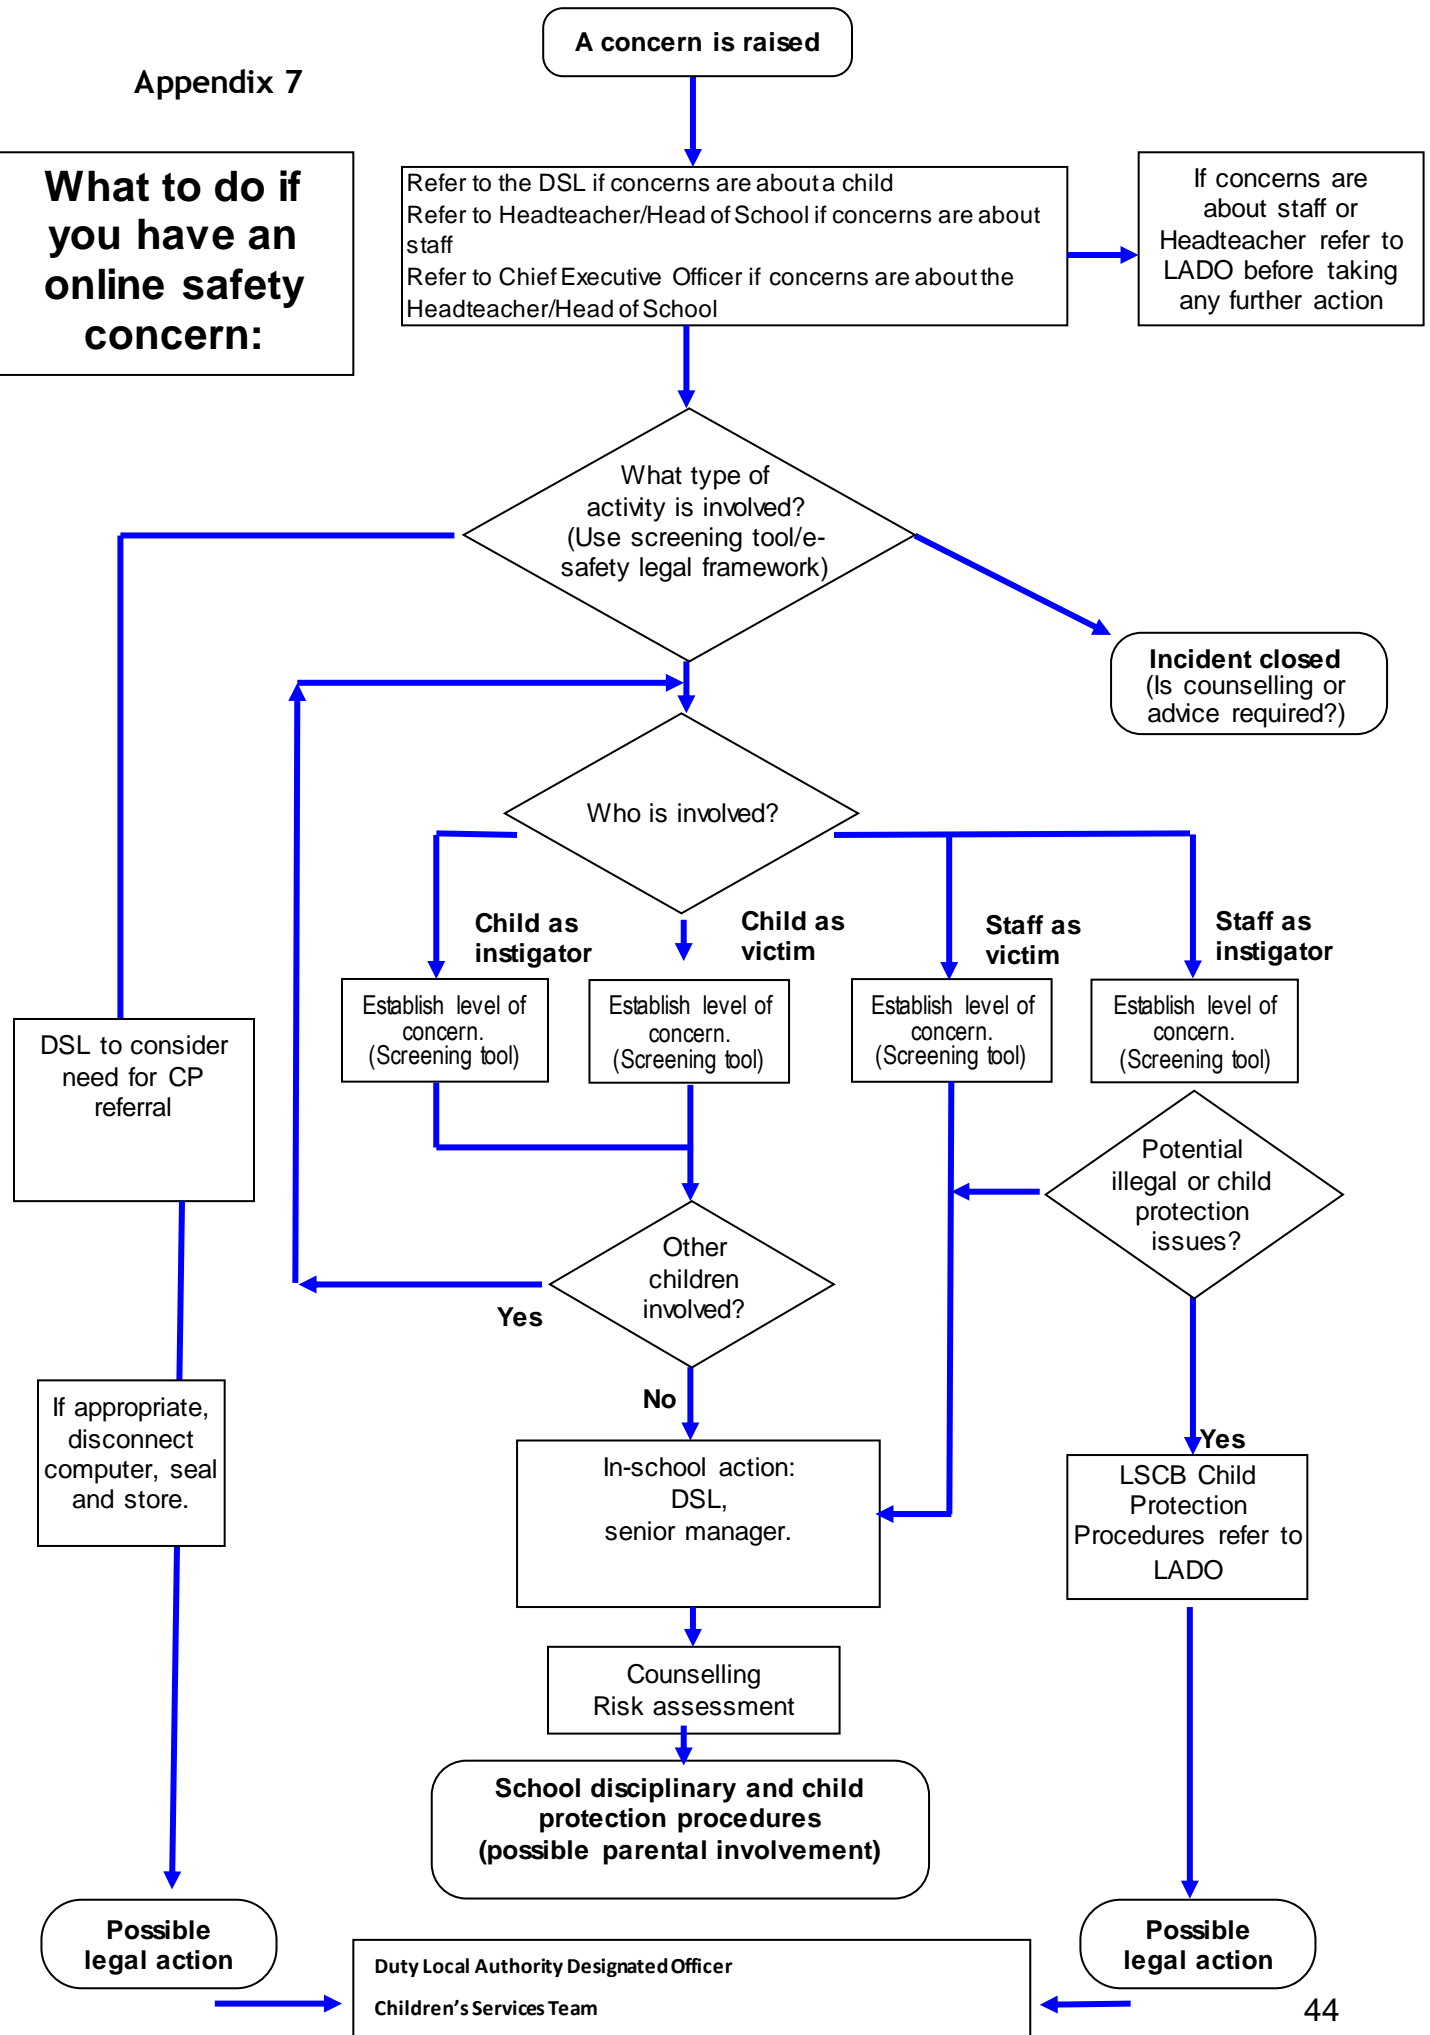

1. Radicalisation refers to the process by which a person comes to support terrorism and forms of extremism leading to terrorism.
2. Extremism is defined by the Government in the Prevent Strategy as:
Vocal or active opposition to fundamental British values, including democracy, the rule of law, individual liberty and mutual respect and tolerance of different faiths and beliefs. We also include in our definition of extremism calls for the death of members of our armed forces, whether in this country or overseas.
3. Extremism is defined by the Crown Prosecution Service as:
The demonstration of unacceptable behaviour by using any means or medium to express views which:
 - Encourage, justify or glorify terrorist violence in furtherance of particular beliefs;
 - Seek to provoke others to terrorist acts;
 - Encourage other serious criminal activity or seek to provoke others to serious criminal acts; or
 - Foster hatred which might lead to inter-community violence in the UK.
4. There is no such thing as a “typical extremist”: those who become involved in extremist actions come from a range of backgrounds and experiences, and most individuals, even those who hold radical views, do not become involved in violent extremist activity.
5. Pupils may become susceptible to radicalisation through a range of social, personal and environmental factors - it is known that violent extremists exploit vulnerabilities in individuals to drive a wedge between them and their families and communities. It is vital that school staff are able to recognise those vulnerabilities.
6. Indicators of vulnerability include:
 - Identity Crisis - the student / pupil is distanced from their cultural / religious heritage and experiences discomfort about their place in society;
 - Personal Crisis - the student / pupil may be experiencing family tensions; a sense of isolation; and low self-esteem; they may have dissociated from their existing friendship group and become involved with a new and different group of friends; they may be searching for answers to questions about identity, faith and belonging;
 - Personal Circumstances - migration; local community tensions; and events affecting the student / pupil's country or region of origin may contribute to a sense of grievance that is triggered by personal experience of racism or discrimination or aspects of Government policy;
 - Unmet Aspirations - the student / pupil may have perceptions of injustice; a feeling of failure; rejection of civic life;
 - Experiences of Criminality - which may include involvement with criminal groups, imprisonment, and poor resettlement / reintegration;
 - Special Educational Need - students / pupils may experience difficulties with social interaction, empathy with others, understanding the consequences of their actions and awareness of the motivations of others.
7. However, this list is not exhaustive, nor does it mean that all young people experiencing the above are at risk of radicalisation for the purposes of violent extremism.
8. More critical risk factors could include:
 - Being in contact with extremist recruiters;
 - Accessing violent extremist websites, especially those with a social networking element;
 - Possessing or accessing violent extremist literature;
 - Using extremist narratives and a global ideology to explain personal disadvantage;
 - Justifying the use of violence to solve societal issues;

- Joining or seeking to join extremist organisations; and
- Significant changes to appearance and / or behaviour;
- Experiencing a high level of social isolation resulting in issues of identity crisis and / or personal crisis.
